NEW BANK OPENED YESTERDAY.
The doors of the old Deposit Bank
were opened yesterday to the public
under the new name of the Deposit-
Peoples Bank, the merger of the two
institutions having been successfully
accomplished some time ago.
The actual transfer of the business
of the banks was made after the close
of banking hours Saturday afternoon,
and was participated in by the officials
of both banks.
This will mark the entry into
banking circles of the largest and
most powerful financial institution in
Bourbon County, having a capital
stock of \$150,000; a surplus of \$80,
000; individual deposits of \$850,000.
The bank building, which will be
the future home of the newly merged
bank, will be enlarged and remodeled
to suit the larger needs of an in-
creased business. Mr. Frank Remington,
whose job printing establishment oc-
cupied the large room in the rear of
the bank, has rented the Neely ware-
house, on the corner of Pleasant and

model the room he vacates, using it
for the purposes especially suited to
their business.

SHOWERS BRING RELIEF.
While Paris was visited Saturday
and Sunday with showers sufficient to
cool the air and bring at least tem-
porary relief from the intense heat
the rest of the county was more for-
tunate, as rains of great value to the
growing crops fell in nearly every
section of the country. The rains
far more beneficial to the country
precincts than in town, as the corn is
now in a critical stage, being in
bloom, and needing rain to hasten the
ripening. Tobacco and grass are still
suffering from lack of rain. Heavy
rains are reported from the headwa-
ters of Stoner Creek, in Clark County,
and a good stage of water is expected
soon at the new dam of the Paris
Water Co., at Spears Mill, which is
now completed, and ready for the
storage of thousands of gallons of wa-
ter. This insures Paris against any
possible danger of a water famine.
